

**ADVERTISEMENT FOR  
CIVIL ENGINEERING DESIGN SERVICES FOR THE  
1655-1 RESERVOIR (0.5 MG) AND RANCHO JAMUL HYDRO-  
PNEUMATIC PUMP STATION MODIFICATION PROJECT**

The Otay Water District (District) will require the services of a civil engineering consulting firm (Consultant) to provide professional design services in support of the 1655-1 Reservoir (0.5 MG) and Rancho Jamul Hydropneumatic Pump Station Modification Project. The services may include, but not be limited to, the following engineering tasks: preliminary design report preparation, investigation of existing conditions and facilities, professional surveying, hydraulic modeling and transient analysis, preparation of construction contract documents, bidding assistance, and support during construction.

In compliance with SB 854, all Consultants and Sub-Consultants shall be registered with the CA Department of Industrial Relations (DIR). Proposals from consultants not registered with the DIR will be considered unresponsive.

Interested candidates are required to e-mail a Letter of Interest (LOI) and a Statement of Qualifications (SOQ) to Kevin Cameron, P.E., at [kcameron@otaywater.gov](mailto:kcameron@otaywater.gov). If a firm has submitted a SOQ to the District within the past two (2) calendar years and the qualifications remain current and accurate, then only a LOI is required.

Deadline to submit a LOI and SOQ will be at 4:00 PM (local time), Tuesday, October 27, 2020. Request for Proposal (RFP) materials will be e-mailed to qualified firms on Wednesday, October 28, 2020. All questions regarding the consulting services should be referred to Kevin Cameron, P.E., Project Manager, at [kcameron@otaywater.gov](mailto:kcameron@otaywater.gov), prior to issuance of the RFP.

Dated this 8<sup>th</sup> day of October 2020.

Rod Posada, P.E., PLS, CCM  
Chief, Engineering  
OTAY WATER DISTRICT
